As part of Maths Week England (Monday 9th November - Saturday 14th November), Times Table Rock Stars are searching for the country's most motivated maths class. With prizes and certificates to be won, this is a great opportunity for all children in Key Stage 2!

Further information will be provided after half term but this activity will give your child a fantastic chance to show-off their knowledge of multiplication and division facts. In order to prepare and celebrate Bierton's fantastic mathematicians, please support your child in recalling their times tables and encourage them to use Times Table Rock Stars regularly, especially during half term.
